- Talented Contract Designers —————> When Projects Require More Dedicated Time
- We Love What We Do —————> Our Passion Always Makes You Shine.

Benefits:

We are ALL in the 3D design and delivery business. We may use words like “experiential,” “immersive,” “environments,” but it’s about **creating compelling face-to-face marketing solutions** for our clients.

At Classic Exhibits, our designers have the luxury of working with thousands of distributors and exhibitors every year. That experience gives us a unique real-time perspective. **We see the latest trends and share them in design requests and Design Monday emails.**

When possible, include your client in the Classic design meetings. It increases the odds of success and saves time. Which is a winning formula for everyone.

We’re only a phone call or email away. Let us know how we can assist you.
